

Ways to Become a Corporate Sponsor

The secret to our success has been the incredible support that the businesses within the Mount Washington Valley region and beyond have provided and continue to provide to Jen's Friends Cancer Foundation. Our sponsors have shown an unparalleled commitment to the cancer patients and their families. This support has defrayed the cost of operations in general and specifically for the annual Climb Against Cancer.

YOUR COMPANY CAN GET INVOLVED IN VARIOUS WAYS:

- Form a team to represent your organization for the:
 - Climb Against Cancer
 - Jen's Friends Golf Scrambles
 - Scavenger Hunt
- Provide volunteers to improve the efficiencies and necessary manpower to run the organization.
- Provide in-kind donations of products and services that our cancer patients and their families require in times of need.
- Provide financial support to reduce general operating costs.
- Support our large events, the annual climb and golf tournament, with in-kind and financial donations.

There are several levels of corporate sponsorship available in advertising and financial or in-kind donations, with benefits ranging from publicity, website links, banner displays at events, and more.

There most likely are other creative ways to support Jen's Friends that could benefit the organization and improve access for the cancer patients and their families. Please feel free to approach us about any of these creative ideas!

Please contact [Erik Chandler](#), President, or [Wendy Holmes](#), Board Member, to discuss sponsorship opportunities.
